Date: 22nd June 2021

Time: 09.30AM

Purpose of the event

safefood hosts a free workshop on “**Practical Allergen Management for Food Businesses**”. This webinar will be presented by Lynn Patterson, LP Patterson Associates (NI) LTD.

This workshop is specifically designed for small food caterers and will cover the following topics:

- Overview of food safety allergens
- Intentional and unintentional allergens
- Effective methods of allergen control
- Legal requirements
- How to read allergen labelling

Lynn has worked in several areas of the food industry both in product development and Quality before moving into training and consultancy. Lynn is a registered trainer for Highfield qualifications and RSPH and is visiting lecturer at Queens University, Belfast.

This webinar will be of interest to small food catering and manufacturing businesses.
